

Wohnheim St.Martin

What is the Wohnheim St.Martin?

St.Martin is a living place for about 25 multiple handicapped adults. It is located in Klosterneuburg, a small town near Vienna. We have two living groups/communities and several practice rooms, where the clients (inhabitants of St.Martin) work during the day. Our main task is to offer housing and (re)integration into the society. This is done mainly through leisure time activities and by offering a working place. People are provided training and other practices needed for working.

Klosterneuburg itself is an old town located at the Danube river. You can reach the city centre of Vienna by public transport within 30 minutes. It is surrounded by the Vienna Woods (Wiener Wald), which offers great opportunities for hiking, walking and other outdoor activities.

As a volunteer, you would live at St.Martin, too. This means you are provided meals together with the staff and the clients. Special food arrangements (e.g. vegetarian) are no problem. Exceptions or special arrangements regarding the house rules can be made on an individual basis. Please note, that the rooms are non-smoking rooms (fire alarm) and that you don't forget to register guests with the project leader.

Proposed activities

Our experiences with international volunteers in the past years have been good. As a volunteer, you can deliver valuable input to our work, especially concerning our leisure programme. So you enable the clients to make more excursions, sports, individual shopping or to do other things that normally would not be possible to a larger extent. Your working time will be fulfilled with some of the following activities:

- ✓ Give new inputs to our afternoon program
- ✓ Develop an own project, according to your interests, e.g. arts or music.

- ✓ Support the staff and the clients with the daily program and activities (e.g. help the clients to cook, with eating, cleaning the common room, to dress or watch TV together; maybe you are asked to help out with the personal care of the clients)
- ✓ Develop your own ideas as an extension of our leisure time and afternoon program.
- ✓ If you like, make excursions with one or two clients
- ✓ Attend the team meetings

The relation between daily activities and personal project will depend on your project, but about 50% will be daily activities. Your working days will be from Tuesday to Saturday (Sundays and Mondays off). These working days can be changed with the other staff. You will work about 30 hours per week.

A regular day looks like this:

4 – 7 p.m.: leisure time activities – going for a walk, playing games, doing some gardening, sports, doing shopping.

7 – 9 p.m.: helping to prepare dinner and evening toilette of the clients.

Saturday and Sunday you are involved in the activities from 10 a.m. to 8 p.m.

Your profile and Recruitment Process

Since this project is dealing with disabled people, you should be willing to and enjoy work with them. Open-mindedness will help you in any situation. The working language in St.Martin is mostly German and English. Before you start, no language skills are required, you will be invited to attend a German course during your project.

The international volunteering in Vienna is coordinated by Grenzenlos within the MELANGE program. If you are interested, you just send a CV (curriculum vitae), a motivation letter and the full details of the responsible sending organisation to Grenzenlos. They will forward your papers to the hosting project (in our case to the Wohnheim St. Martin) where the selection will be made.

All available placements of Grenzenlos EVS projects are open to everyone (fulfilling the general EVS criteria). However, in the selection procedure a preference is shown for candidates with

fewer opportunities (gender, background etc.). You will be informed about the outcome of recruitment process conforming to the set out applying deadlines (more: [Melange Website](#)).
